

FARM FRESH BULL KELP

Regeneratively farmed kelp from the clean waters of Alaska. Kelp is one of the most nutrient-dense and sustainable plants in the world, rich in vitamins and minerals like potassium, iodine, iron, and calcium.

INGREDIENTS: Bull kelp (*Nereocystis*)

ALLERGENS: May contain trace amounts of shellfish

FLAVOR PROFILE: Savory, salty, delicately vegetal

FORMAT: Fresh-frozen, vacuum sealed

SHELF LIFE: Store frozen for up to 1 year

HANDLING INSTRUCTIONS: Store frozen, refrigerate to thaw, keep refrigerated and use within 2 days of defrosting

APPLICATIONS:

Stipes - pickles, ferments, toppers, salsas
Blades - soups, smoothies, sauces, dressings, seasonings, chips
